You love being a boy.
The thrill of fights are intoxicating.
Girls faint when they see -BZZKTT- what a pretty
woman you are.

Hold on, this isn't right.
Nothing is more right than a soft, feminine figure, isn't that right?
Uh, well...

Don't you feel good?
You love being a girl.
No, I love being a boy -
You love being a girl.
I...love being a girl.
A girl needs her beauty rest, isn't that right?
Yes.

You're a good girl. You love baking and wearing skirts. You can't wait to shop for new bikinis and try them on. All the boys will look at you.
